

Permission To Print My Posters

Some printer services will require that you have permission to print any copyrighted posters or materials.

Please use this document as my permission for the purchaser of my products to print as many or as much as they need for their personal or professional educational use.

FYI these posters are designed to be printed at the standard poster size of 24 x 36 inches, but feel free to print them at whatever size works for you and your teaching space.

Thanks for your purchase!

Have Fun and Teach On!
